

Friends,

Cooperative Home Care is gearing up for a productive fall season, including strategic planning and preparations for our upcoming 35th year in business. As we roll into an extended weekend committed to celebrating our work achievements and saying, "See you later, Summer", I've issued a challenge to my team that I'll share here:

Do you wonder, "What possible use am I in this world? What is my purpose?"

*If we ever want to rid ourselves of corporate or personal emptiness, we must allow ourselves room for that which we can not see, hear, touch or control. So much of what we do for people, we never see. So much of the day to day care we deliver, we never hear about. **I want you to have faith that good work is being done, and that healing of body and spirit is happening. Please remember that other people see what we do as a blessing for them and their family.***

You, too, are a blessing to those you love, and to those you serve in your career. Thank you for your hard work.

Cheers,
