

"Every experience, good or bad, you have to learn from."

-Patrick Mahomes

Our first COVID-19 vaccine clinic at Cooperative felt like Super Bowl Sunday. We teamed up with VNA of Greater St. Louis to vaccinate 84 people. Our most vulnerable volunteer and our mighty nurses weathered the unexpected snow, rolled up their sleeves, and then helped others do the same.

The unexpected takeaway? Every participant's patience, kindness, and gratitude. Those expressions grant their own kind of immunity. I felt revitalized in the middle of our pandemic winter. When goodness happens, we should enjoy it, and then we should keep it going.

Our next clinic is for 2nd vaccine doses only, but I am committed to hosting as many future COVID-19 vaccine clinics as possible. I am also committed to sharing vaccine opportunities.

If you want to learn more about the vaccine, [start here](#).

Cooperative's 1a employees: join the [MO waiting list](#) or attend next Monday's [O'Fallon IL clinic](#). Always bring your employee badge with you, and contact your supervisor if you need a 1a voucher letter.

Everyone: be well and good this Super Bowl Sunday.

A handwritten signature in blue ink that reads "Mitch Weber".
