

It's me, Mitch. I am reaching out to you, my amazing caregivers. You selflessly care for your clients as you would your own family members. Often, you are also caring for your own family members. **Now it is time to care for you.**

Please get vaccinated! I am arranging for more vaccine clinics at Cooperative to make it as easy as possible for you. Call or text your Cooperative supervisor today, to be added to the list for our next clinic. Once we have an idea of how many doses we will need, we will contact each of you directly with the date and time.

We are able to get people through our clinics at lightning speed! We will have plenty of snacks and drinks while you are here. We will work around your schedules so that everyone can attend.

Missouri is a COVID-19 hot spot. I believe it is only a matter of time before all healthcare employees are mandated to be vaccinated in order to serve their clients. I want you to be prepared, and I do not want to risk your income and your livelihood.

You are important. You matter greatly to your family, to your clients, and to me. You make a difference in this world and I want you to be safe and sound.

I Care for You,

1924 Marconi Ave., Saint Louis, MO 63110
